For Sale.

OUR DRUG BUSINESS located in San Francisco, Cal. After our best wishes and expressing our thanks for the liberal patronage we have received for more than twenty-one years, during which period we have been steadily engaged in the Drug business in California, we beg to say in consequence of the rapid growth of Dr. Walker's California Vinegar Bitters, now spread over the United States and other countries far beyond, we are necessitated to devote our entire time to the said business.

We are the Oldest Drug firm on the Pacific Coast and the only one, continuous under the same proprietors since 1848, and have determined to sell our large, prosperous, and well established business on favorable terms.

This is a rare opportunity for men with means, of entering into a profitable business with advantages never before offered.

For particulars enquire of

A GREAT MEDICAL DISCOVERY
Dr. WALKER'S CALIFORNIA
VINEGAR BITTERS

Hundreds of Thousands
Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life. Send for a circular.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

THEY ARE NOT A VILE
FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

THE BRITISH COLONIST.
Saturday Morning, May 13, 1871.

The Joint High Commission.

Our eastern exchanges contain what purports to be the text of the 'Treaty of Washington 1871.' It is substantially the same as that published in this journal on Thursday, but it is somewhat more explicit. In the first place, Newfoundland is, as we suspected, included in the arrangement, and the consent of its legislature will be necessary to a ratification of the Treaty. In the second place, it is provided that the Queen of Great Britain and the President of the United States shall each appoint one member of a Commission of Arbitration, and both of these powers jointly shall appoint a third; but if they cannot agree, than a third member shall be appointed by the Emperor of Austria. The Commission so constituted shall meet at Halifax, Nova Scotia, as soon as possible after it shall have been appointed, and shall be charged with the duty of deciding as to the relative value of the privileges conferred upon the citizens of both countries under the fishery arrangements, and of deciding what sum, if any, either party shall pay the other in consideration of any excess of privilege. It is also provided that the Convention or Treaty is to take effect six months after the ratification of the same by the various parties thereto, and is to continue in full force for a term of years to be fixed by the Joint High Commission. The foregoing, taken in connection with what has already appeared in the columns, will convey a tolerably accurate idea of what is, in all probability, the basis agreed upon by the High Commission, in so far as the fishery question is concerned. As we anticipated, the proposition to dispose of the Canadian fishery rights in this way is not regarded favorably in that country. The Toronto *Globe*, in a leading article upon the subject, says:—'The suggestion of giving up to Canadians the right of fishing in waters which the Americans themselves have to a great extent abandoned, as an offset to the surrender of valuable inshore fisheries, is certainly, taken by itself, one-sided enough. But the provision for arbitrating in reference to the difference of value in what has been surrendered by each party, brings it very much to the settlement proposed by the Americans from the beginning of the negotiation, namely, a purchase by them from our Government of free access to all the Canadian fishing grounds. But of this our friends across the lines may rest perfectly certain—that no such settlement will ever be agreed to by the Canadian people. When they are ready to sell Maine to Canada for cash, Canada may sell her fisheries for cash. But not till then. Our neighbors can secure easily and frankly all the fish advantages they have ever enjoyed, or the Canadians themselves enjoy, but it can only be by a treaty of commercial reciprocity for mutual advantage, just and acceptable to both parties. The action of the Imperial Government may force upon the people of Canada the sale of their fisheries, but a feeling will be excited by it among our people that every true Canadian would deplore.' The language of our contemporary is emphatic enough; and we are disposed to think that it fairly expresses the sentiment of the country. Some of the other journals are less temperate in their animadversions. From all that we are able to gather, British Columbia is not included in the arrangement. Nor would there appear to be much occasion to regret this, even were the Treaty likely to be ratified by Canada. Had fish oils been amongst the articles admitted free in the United States, we should feel more keenly than we do the exclusion of British Columbia. As the matter appears to stand, however, there seems to be little either to gain or lose. We cordially concur with our Toronto Contemporary in the opinion that Canada should only throw open her valuable fishing-grounds to citizens of the United States upon a basis of reciprocal trade which would secure to the whole Dominion a full and substantial equivalent.

INTERESTING TO THE LADIES.—Paris has long been leader of the fashions and France the emporium of fashionable fabrics. The functions of both, in this respect, have been greatly paralysed by the late terrible war, and the revolution which followed continues to interrupt the resuscitation of these functions. The consequence is that all French manufactures, especially silk goods, have experienced a very decided upward tendency and are still rising. It is, however, a fortunate circumstance for this community that Messrs J P Tunstall & Co, of London, happened to make a very large purchase just in time to escape the great rise. These goods are from the celebrated factory of the best makers in France (C J Bernet & Cie of Lyons) and the ladies of Victoria will be pleased to know that a very rich assortment from that large purchase was received at the London House by the last steamer and that the patrons of J H Turner & Co are to get the full benefit of the favorable circumstances under which these goods were bought. *

A. From the N. W. Coast.

The Hudson Bay Co's steamer Otter returned from the North yesterday afternoon. She arrived at Skeenamouth Saturday morning, April 29th, having made the run up from Victoria in 66 hours, including stoppages at Nanaimo, Alert Bay and Bella Bella. She left Skeena the same day at 8 a m, Fort Simpson on Sunday morning at 6 o'clock, Massett on Monday evening at 5 o'clock, and arrived at Fort Wrangel next day at 1 p m. The Stikine river was still closed by ice and no communication was had with the mines. The river was not expected to open for six or eight days. The weather during the winter had been severe and more snow had fallen than the Indians recollect for a number of years past. The Otter left Fort Wrangel on Wednesday, May 3d at 8 p m for the Queen Charlotte coal mine at Skidegate, but during the following afternoon was obliged to anchor on account of a heavy southeast gale off the mouth of Rosa Spit, Q C I, where she remained until Sunday morning, when there being no indication of the wind abating, she started and beat down to Skidegate, and arrived there at 8 p m. Next day, May 8th, took on board 50 tons of coal and some passengers and freight and left for Fort Rupert.

Arrived at Rupert on Wednesday at 6 a m, at Comox on Thursday at 6 a m and at Nanaimo at 9 the same evening. The U S S Lincoln left Nanaimo about 4 p m on Thursday for Sitka and the bark Shooting Star sailed at the same time for San Francisco.

The bark Atalanta was towed over from the Sound yesterday afternoon by the steamer Goliah.

The Otter experienced a succession of S E winds during the whole trip.

COLONEL SHAW'S AT HOME LECTURE.—This gentleman who, a few weeks ago, visited the Pacific Coast as special agent for the Inman Steam Packet Company, and sojourned at Victoria, has reached home, and has delivered before the Mechanic's Institute of Paisley a very interesting lecture on Canada. He touched lightly upon British Columbia, the importance of which as a 'Pacific ocean outlet of British as well Canadian trade' he said is being just understood. Manitoba is alluded to as import and fertile, and Canada, its institutions, public works and public men are extolled in the highest terms. As a field for immigrants attention is especially directed to Canada, where all the necessaries of life and some of the luxuries are easily obtainable. An amusing anecdote is narrated of an immigrant of a few months' residence, writing from one of the cities of Ontario, saying—'I am not at all satisfied with the place. Marmalade is 1s 6d. and tapioca 1s the lb. I should not persuade any one to come out here.' But he says nothing about mutton, beef and pork being from 2d to 6d a lb. A minister of the Church of England, when called to account for the gross incorrectness of his statements concerning Canada as a field for emigrants, says in the London *Times*, June, 1870:—'Oranges and marmalade are double the price they are in England,' and he defies his questioner—Mr White, the Ontario Government Commissioner—to contradict that! The same gentleman (January 31, 1871) has changed his opinion and writes to another newspaper—'Never did I, in my three years' residence in Canada, see a beggar. The laborer earns his dollar a day and walks about proud, independent and free. No starvation in Canada.' Half a century ago a dense forest was all that was visible where now stands the city of Ottawa. And the very spot amid fertile fields, and all the tokens of modern progress can be pointed out from the towers of those legislative halls where, within the memory of those yet living, the Scottish emigrant, in utter loneliness and despair exclaimed—'Oh, Lord, have compassion on me a poor unfortunate Scotchman, 3000 miles from my own country and 75 from anywhere else!'—the latter distance referring to Prescott, on the St Lawrence.

FAREWELL TO THE STAGE.—Mr E C Melville, a most deserving actor, is about to doff the sock and buskin and don the rough habiliments of an 'honest miner' on the gold-lined hills of Omineca. Being not overburdened with the wherewithal, his many friends have tendered him a benefit performance, and several amateur performers have generously volunteered their services. Monday evening has been selected for the entertainment, and everybody ought to buy at least one ticket for so worthy an object.

DEATH.—Yesterday, at the French Hospital (where he received the kindest attention), after a long illness, died Mr P F Corbiniere, an old and respected resident. Mr Corbiniere was a native of France, a pioneer of California and a resident of Victoria since 1858. He had the misfortune, some years ago, to lose a son—a fine young man—by drowning at Langford's Lake, since which occurrence his health failed. The funeral will take place to-morrow.

WHAT A SHAM!—The Mace-Coburn fight. See our Exclusive Dispatch.

QUEEN CHARLOTTE ISLAND COAL MINE.—Among the passengers yesterday from Queen Charlotte were Messrs T Fawcett and T Russell and seven workmen from the Queen Charlotte coal mine. The Otter brought down 50 tons of coal, and there are 50 tons left behind. The total amount taken out since last October was only 100 tons, and the seam is said by the workmen to be running out, having narrowed to two feet. To get out the coal four feet of slate has to be worked. A Mr Gilpin and one man were left in charge of the property.

THE RUMOR.—Quite a flutter was occasioned in this community yesterday morning by the rumor (which will be found in our Dominion Mail Summary) that Hon Dr Helmcken is to be appointed Lieutenant Governor of this colony under Confederation. Without attaching much importance to the rumor, we take occasion to say that if British Columbia is to have a local man for Governor we do not believe a selection could be made that would give more general satisfaction.

DEPARTURE OF THE PACIFIC.—At seven o'clock last evening the steamship Pacific began to creep out of the harbor. Her movements were observed by large crowds of persons. SPECIAL TO THE DAILY BRITISH COLONIST.

LASTNIGHT'S DISPATCHES.

Europe.

VERSAILLES, May 11—In the Assembly, today, Thiers announced the signing of the definite treaty of peace between France and Germany. He stated that no allevation of the conditions imposed by Bismarck could be obtained. Upon members of the Assembly asking for an explanation of the recent interview with delegates from Bordeaux, Thiers answered in a petulant manner and demanded a vote. After much excitement in the Chamber the vote was taken and Thiers sustained by 490 to 10.

PARIS, May 11 — Evening — Vanvres was captured last night by the Versaillist troops and held a short time when it was recaptured by the Communist forces. There was desperate fighting there to-day

Fort Issy is so delapidated that the forces of the Commune will be obliged to evacuate it.

The Government forces made a daring attack on Neuilly and Asnieres.

Reveille says that Gen Chartille commands the troops in Bois de Bologne.

One clause provides for the acquisition by Prussia of the railways from Thionville to Luxemburg.

Eastern States.

WASHINGTON, May 11—Astonishment is expressed in official circles at the publication of the Treaty of Washington in the New York *Tribune* this morning. Some inquiry will be made as the mystery of publication and the means the correspondent used in obtaining the information and dates. In the secret session the message of the President, communicating the treaty to the Senate, is said to be very brief and contains no recommendations but merely submits for consideration.

California.

SAN FRANCISCO, May 11—A M Pitts, who arrived here from New York in August 1849, on the bark Staffordshire and was subequently partner in the firm of Pitts, Gressin & Klohstein, died here last evening, aged fifty-three.

GILROY, May 11—A desperate fight occurred in the mountains, about 25 miles from this place, yesterday, between a band of desperadoes and Sheriff Morse of Contra Costa County and Sheriff Morris of this County. The New York *Bulletin* of May 3rd remarks: 'We hear complaints from the East of California wool arriving here showing signs of having been sanded by the packers. One manufacturer recently received a shipment of the new clip which shrank 65 per cent, 10 per cent being clear sand. Should such trickery be practiced by packers generally, manufacturers will speedilly lose what confidence they have in California wool, greatly to the cost of all classes of dealers on the Pacific slope.

The strawberry growers cannot get boxes fast enough to ship, and the berries are ripening on their hands. Last year the crop, which, until then, had been cultirated almost exclusively in Alameda County, was a very short one and the enormous increase in the supply from Santa Clara is matter of much surprise to almost everybody.

The Germans and Irish are really moving in earnest to bring about separate conventions for the selection of political tickets, each being determined to secure the largest number of Representatives on their respective party tickets. It is probable that both conventions will meet.

ERIE, Pa, May 12—The mill yesterday between Mace and Coburn was interrupted in the first round by the militia, and was therefore undecided. The ring was pitched at Hay creek, 2½ miles from Port Dover, Canada. Barney Aaron was master of ceremonies. Alderman McMillan of Phila was chosen for referee, but just before the commencement of the fight he appeared in the ring and declined serving. J Wood of Indianapolis was then chosen for that position. At 12 o'clock the men faced each other. Neither seemed disposed to hazard the first blow, and Coburn gradually yielded to Mace's aggressive movement and retired to his own corner. Mace did not follow, but returned and stood close to the scratch. Shortly the jeering of the crowd brought Joe from his corner and the men faced each other again. Joe then backed to his corner a second time without a blow and Mace, after following a few steps, returned. These tactics were repeated nine times, until an hour and twelve minutes elapsed without a blow being passed by either party. It was evidently Coburn's dodge to entice his antagonist over to his corner, where a mob had collected in great force, but Mace refused to follow him more than four feet beyond the scratch. At 12 minutes past 1 o'clock the Canadian authorities, represented by Judge Wilson and Edmund Deeb, Sheriff of Norfolk county, rushed into the ring, read the Riot Act and ordered the assembly to disperse or they would be fired on by the militia. The militia, numbering about 60 men under command of Col Tisdale, were drawn up in line about twenty rods away. They were armed with loaded rifles and the mob deemed it expedient to disperse at once. No arrests were made.

Later.—The referee has decided that the fight shall come off in three weeks from to-day at Kansas City, Missouri.

CHICAGO, May 12—Private dispatches from Erie say Coburn refuses to go to Missouri to fight.

European Mail Summary.

(DATES TO APRIL 8TH.)

The Westmeath Committee has made its report, and is believed to endorse the gloomy picture drawn by Lord Hartington of the condition of that county and of parts of the adjoining counties. Mr Henly, M P, is better and is slowly improving in health. The Liberal candidate for South Norfolk is Mr R T Gurdon, and the Conservative Sir R F Buxton, the views of Mr Tyssen Amhurst as to the Game Laws not being satisfactory to many of the tenant farmers. The Corporation of Dublin has passed (but not unanimously) a resolution acknowledging the gracious reception accorded by Her Majesty to the deputation which recently waited upon her. It is reported that the mansion of Mr Conolly, M P, has been purchased and will be prepared as a Royal residence for the Queen or the Prince of Wales. An indignation meeting was held in St James' hall to condemn the conduct of the House of Lords, and of the Bishops especially, in resisting the Bill for legalizing Marriage with a Deceased Wife's Sister. The proceedings were very noisy, owing to the presence of a body of Republican sympathizers who clamored for the abolition of the House of Lords and the Monarchy. The Duke of Beaufort has discontinued the employment of gamekeepers, intrusting the game to the care of his tenants, who are to receive one-half of that which is killed on their respective farms. The Duke of Newcastle's trustees have also given over the shooting upon the Marton property to the tenants. Mr Algernon Swinburne, the poet, has been dangerously ill, but is reported to be recovering. The boys at the Wellington Reformatory at Pennycuick near Edinburgh, mutinied, overpowered the warders, and eighty of them have effected their escape. Several savage outrages are again reported from Ireland. A young man was brutally murdered at Glendrum, Tipperary, in the hearing of persons who made no effort to assist him. Two young men were stabbed in Donegal, but the motive of the crime is unknown. Mr R's offer to restore Christ Church Cathedral, Dublin, at a cost of £50,000 has been accepted. The National Press urge a combination of Irishmen at home and abroad into an Irish confederation, with a view to procure their liberation and the independence of their country. The Civil Service estimates show that for the year 1871-72 the total sum asked for is £10 645,544. The vote for 1870-71 was £10,126 735, exclusive however of £152 924 for services included in the grants, but omitted from the estimates because of their discontinuance. The Lords of the Admiralty, according to the Army and Navy *Gazette*, are to be urged by many of the practical members of the House of Commons to build several fast cruisers of the Alabama class as at this moment we are very deficient in ships of that kind.

MILLINERY.—By last steamer a first class milliner arrived from Europe for the London House. *

Dominion Mail Summary.

Our Canadian exchanges are to the 24th ultimo.

The *Globe's* Ottawa correspondent gives the following, under date April 18th and 19th respectively:—It is said that Hon Mr Tilley is about to retire from politics altogether, as it is said he declines the Lieutenant-Governorship of British Columbia.....It is stated here that the Government intend to follow up the practice pursued with reference to the older Provinces, and appoint Dr Helmcken Lieutenant-Governor of British Columbia.

The same authority says:—The meeting in aid of St John's College, Manitoba, was held in the Chapel of Ease to-night, Bishop Lewis in the chair. Addresses were delivered by Archdeacon McLean and Hon. Messrs. Tupper, Tilley and Morris, Dr Schultz and Hon. Malcolm Cameron. Resolutions were passed, and a considerable sum collected.

The Toronto *Telegraph* of 20th says. Sir George E Cartier and Hon Mr Trutch are in Montreal at present. Sir George will remain till the end of the week, and Mr Trutch will leave for England by first steamer, where he will probably receive a decoration in reward for his Confederation labors. The statement that Sir John A Macdonald is to be made Governor-General of the Dominion is denied.

The Nova Scotia Government, as reconstructed, will stand as follows:—Hon Wm Annand, M L C, President and Treasurer. Hon H W Smith, M P P, Attorney-General. Hon Wm B Vail, M P P, Provincial Secretary. Hon Wm Garvie, candidate for Halifax, Commissioner for Mines and Works. Hon Edmund P Flynn, M P P, Commissioner of Crown Lands. Hon Richard A McHeffey, M L C. Hon John Ferguson, M P P. Hon James Cochrane, M P P. R Robertson, M P P. The last four without office.

It was reported at Ottawa that Mr Simposon, member for Algoma, has been appointed a Commissioner to negotiate in conjunction with Governor Archibald, treaties with the Indian tribes in Manitoba and the North West, and that a grand Council will soon be held at Fort Garry, in pursuance of that object.

The *Globe's* Ottawa Correspondent repeats the rumor that Sir John A Macdonald will seek employment in the Imperial service.

The following is from Halifax, under date April 18th:—Baron Lisgar leaves for England after the Joint High Commission closes. Sir Hastings Doyle will administer Government in his absence not at Ottawa, but at Halifax, which will be temporarily the seat of Government. It is as yet a question whether Sir Hastings can continue to hold the Governorship of Nova Scotia; if not Sir Edward Kenny will be appointed administrator. The local elections will take place on Tuesday, May 16, nomination, May 19th.

Sir George E Cartier declines to occupy a seat in the Provincial Legislature of Quebec. In answer to a deputation which waited on him on the 21st, he recommended that Montreal East should choose a practical man who could give himself wholly up to their local interests.

Returns from the Ottawa district show that 13,000.000 feet of lumber will be ready for the market this summer.

Mr G L Mowat, a barrister of Kingston, Ontario, died on the 20th.

The great international regatta is appointed to come off at Halifax on the 29th, 30th and 31st of August.

It is expected that two battalions of volunteers will be organized in Manitoba and that a Deputy Adjutant General and Brigade Major will be appointed for that Province, which will probably be constituted District No 10.

The Manitoba news is to the 5th ult. The Legislature was about to adjourn for the Easter holidays. The election committee reported in favor of Mr James Cunningham and against Mr John Taylor, as member for Headingly Division. The House adopted the report, unseating Mr Taylor, by a vote of 13 to 7.

In the New Brunswick Segislature a series of resolutions, asking 'better terms' from the Dominion, were introduced and passed unanimously. The New Brunswickers rest their claims chiefly upon the alleged fact of better terms having been given to Nova Scotia, Manitoba and British Columbia.

The Ottawa correspondent of the *Globe*, under date April 20th, says: It is reported that the Government is about to put on detached parties of engineers to explore a line for the Pacific railway. A commencement is to be made to the north of Lake Nipissing. Parties will be placed at different points to the north of Lake Superior. Explorations will, it is said, be made to British Columbia.

The St John, N B, *Globe*, an anti-Confed, alluding to the fact that British Columbia is now, virtually a member of the Dominion, facetiously remarks—'Canada has at last got "one foot on the Atlantic and the other on the Pacific," and she is satisfied; but she has so much strained herself in order to accomplish the feat [place the *feet*?] that it is very doubtful whether she will ever again resume her former strength and energy.'

THE SUNNYSIDE.—Mrs McDonell has added a spacious restaurant to the Sunnyside Lunch room and is now fully prepared to supply meals at all hours to an unlimited number of guests. *

MARAVILLA COCA.—No breakfast table is complete without this delicious beverage.—The *Globe* says, 'Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage.' Sold in packets only by all Grocers of whom also may be had Taylo Brother's Origional Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London. Export Chicory Mills, Bruges, Belgium.

Medical.

ELECTRICITY IS LIFE.
PULVERMACHER'S
Pocket Batteries.
CHAIN BANDS, BELTS
AND
PATENT GALVANIC

THESE REMARKABLE AND HIGHLY improved inventions render electricity perfectly self-applicable, and extremely efficacious in a mild continuous form, no shock or unpleasant sensation being experienced, whereby it becomes a true fountain of health and vigor, speedily soothing agonising pains, re-animating torpid limbs, reviving the sluggish functions of life and imparting renewed energy and vitality to constitutions enfeebled by whatever cause. Medicines and their deleterious consequences are thus entirely dispensed with. The daily increasing number of cures effected by PULVERMACHER'S MEDICO GALVANIC SYSTEM is so extensive and varied, that it forcibly points to this invention as the embryo of the universal remedy.

N. B—The following testimony from the ELITE of the English medical faculty has been received:

"We, the undersigned, have much pleasure in testifying that Mr J. L. PULVERMACHER'S recent improvements in his Voltaic Batteries and Galvanic Appliances for Medical Purposes, are of great importance to scientific Medicines and that he is entitled to the consideration and support of everyone disposed to further the advancement of real and useful progress.

Dated this 9th day of March, 1866
Sir Charles Locock, Bart., M.O, F.R.C.P.
Sir Henry Holland, Bart., M.D., F.R.S.
Sir Wm Ferguson, Bart., F.R.S.
Edward H. Sieveking, M.D., M.R.C.S.
Sir J. Ranald Martin, F.R.C.S."

PULVERMACHER'S SYSTEM is also approved of by an official report of the Academie de Medicine, Paris; Royal College of Physicians, London; and the Imperial Faculty, Vienna, and its curative virtues are confirmed by thousands of private testimonials of cures effected. (See pamphlet, gratis).

These facts appeal to the good sense of every sufferer to avail himself of this scientific and curative progress, to which the inventor has devoted a lifetime of study and labour, as an ardent disciple of that great benefactor of mankind, the late illustrious electrician, MICHAEL FARADAY.

PULVERMACHER'S MEDICO-GALVANIC CHAIN are exceedingly effective without the aid of medicine, restriction of diet, or the least derangement of the patient's habits and daily occupations, in the following maladies:—

Rheumatism,	Tic Doloreux,	Sluggish circulation,
Gout,	Indigestion,	Urinary Disorder
Sciatica,	Deafness,	Paralysis,
Tic,	Amaurosis,	Epilepsy,
Spasms,	Female complaint	Nervous Debility
Neuralgia,	Constipation,	Functional Disorders, &c
Tooth-ache,	Cramp,	
Sore throat,		

The efficacy of the application of Pulvermacher's Chains in any of the above disorders is immediately perceptible—the relief is instantaneous.

PRICE LIST OF PULVERMACHER'S CHAIN BANDS AND BATTERIES.

B. Chain Bands for Loss of Voice and other affections of the throat 10s. 6d to 21s.

CAUTION A Perpetual Injunction in Chancery, dated 18th August 1869, was granted to J. L. Pulvermacher against Alfred Harrow, alias C D Hammond, alias Henry James, alias C D Ransley, his assistants, agents and servants restraining the said person or persons under a penalty of £5000 from deceitfully advertising Belts, &c., exclusively representing them as electric. This decree is printed in extenso in Pulvermacher's Pamphlet of recent Testimonials and Medical Reports of cures, containing likewise numerous extracts from many standard and scientific works, viz. Dr Copeland's "Materia Medica," Dr Tanner's "Practice of Medicine," Dr Hanfield Jones "On Nervous and Functional Disoders, etc." This pamphlet may be had at the office of this Paper, or of J. L. Pulvermacher's Galvanic Establishment, 200 Regent St., London.

To the Unfortunate
New Remedies! New Remedies!
DR. GIBBON'S DISPENSARY

No 623 Kearney Street Corner Commercial, San Francisco, established in 1854, for the treament of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc., etc. Skin diseases of years standing, and Ulcerated Legs, etc., successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his dispensary, 623 Kearney street, corner of Commercial where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Seminal Weakness.
Seminal emission is the consequence of self-abuse. The solitary vice, or depraved sexual indulgences is practiced by the youth of both sexes to an unlimited extent, producing, as a never erring certainty the following train of morbid symptoms, unless combatted by scientific medical means, viz: Shallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like a rattling of leaves, or rattling chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples, and various eruptions about the face, hectic flushes, furred tongue, fœted breath, consumption, night sweats, monomania and frequently insanity. If relief be obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

Cured at Home.
Persons at a distance may be cured at home, by addressing a letter to Dr Gibbon, case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain direction for use, by inclosing $10 in gold, in a registered letter, through the Postoffice or through Wells, Fargo & Co.

A package of medicine will be forwarded by express to any part of the Union.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

Private entrance on Commercial street.

All communications strictly confidential.
